Bath Chair Lift

Bath Chair Lift

The Patient Handling System (PHS) is a mobile bath lift system designed to easily convert into different configurations to accommodate a wide variety of needs for patients and residents in both acute and long-term care environments. Whether standing, seated, or recumbent, the PHS system provides a dignified complete solution for residents needing aid getting in and out of bathtubs. Easy access and comfortable padded seating surfaces ensure a pleasant bathing experience. These lifts are ideal with larger Whitehall Mobile Whirlpools.

Recommended Whirlpool Tanks: L-75-M, L-90-M, L-105-M, L-105-SL, H-105-M, S-90-M, S-90-SL, S-110-M, S-110-SL
