

Terrazzo Colors

Terrazzo Material Color Selections

Terrazzo material is composed of marble chips (which are a natural aggregate), and cast in a Portland Cement binder, which is finely polished and coated with a protective Sealant. These naturally-occurring components create an attractive, granite-like material that is extremely durable and requires minimal maintenance.

Palomino Tan (-OCT01) Standard color for all Acorn Engineering Terrazzo products

Hybrid Rose (-OCT02) Optional color selection

Platinum Gray (-OCT04) Optional color selection

IMPORTANT:

Slight variations in appearance may exist from items pictured above and actual product.

Sample Color Chips are available, contact your local Sales Representative.

Previously offered color Midnight Rose was discontinued Nov. 2022.
