

Recessed Shelf

Shelf is ideal for Ligature Resistant applications as it presents a reduced possibility of being used as a suicide device. Shelf is tall enough to hold an item normally used in conjunction with a lavatory. Fixture is arranged to be installed into a finished wall from the front. Recessed Shelf is fabricated from 16 gage, type 304 stainless steel with exposed surfaces polished to a satin finish or powder coated white.

Note: Screws provided have Machine Screw Thread and may not be suitable for all Wall types. When required, Installer shall provide alternate Screw type and Wall Anchors to suit Wall construction.
