

DRENCH HOSE OPTION PARTS BREAKDOWN

ASSEMBLY INSTRUCTIONS:

1. Turn off water supply before changing or making new connections.
2. Connect coupling (item no. 6) to 1/2" NPT connection on combination.
3. Attach bracket assembly to vertical pipe section above eye/facewash bowl using the adjustable clamps provided.
4. Connect threaded end of hose on the drench hose assembly to coupling (item no. 6).
5. Hang drench hose assembly on the bracket assembly.
6. Turn water supply on and test for leaks.
