SAVE TIME & MONEY WITH JAY R. SMITH MFG. CO.

Labor Saver[®] fixture supports for water closets, lavatories, and toilets help you complete jobs faster and more efficiently.

TIME ADDS UP

Each Labor Saver fixture support can save you 15-20 minutes on installation time per support. This adds up to hours over the course of a job!

HOW?

Labor Saver fixture supports come pre-assembled! Supports feature a one-piece, unitized construction, while the Quarterback Water Closet Support ships with legs and faceplate already attached.

• PRE-ASSEMBLY MEANS...

- No missing parts
- Faster install at pre-fab shop creating faster install on jobsite
- Less waste

• STOCKED FOR SHIPMENT

- Quicker order fulfillment
- Ability to take on rush projects

ENHANCED PREFABRICATION CAPABILITIES

- Assemble any number of fixture supports
- Many options for battery prefabrication style
- All supports feature numerous attachment points for maximal flexibility.
- Transport entire battery to job site as one piece.

PREFABRICATION SAVES

- Time
- Labor
- Money

Our labor-saving fixture supports feature a number of attachment points, making it easy to prefabricate and plumb batteries before transporting to the job site.

LABOR SAVER® SUPPORTS

**Urinal Support
with Hanger Plate
Fig. No. 0617**

- Floor-mounted legs
- Easy field adjustment
- Suitable for narrow wall and metal stud configurations
- TAB option allows for two anchors per foot (Fig. No. 0710-TAB)
- Fixture-specific arms eliminate additional labor for lengthy in-field configuration and/or adjustment
- Height and side-to-side adjustment is done from the front of the support, using four nuts

**Lavatory Support
with Concealed Arms
Fig. No. 0710**

QUARTERBACK® WATER CLOSET SUPPORT

Quarterback Water
Closet Support
Fig. No. 0211Y-M54-M58

Left, right, double, and vertical fittings available.
Fittings with auxiliary inlet option tie in nearby
urinal or lavatory

Optional auxiliary inlet

36" long barrel fittings connect
fixtures supports to each other,
eliminating pipe connections and
possible leak points

LABOR SAVING FEATURES

Legs provide numerous mounting options for fixture support battery prefabrication or flush valve supply line support

Legs provide enough space for job-site adjustments between studs

Easy access to faceplate bolts for quick adjustment during prefabrication

Faceplate kit arrives with legs pre-secured to faceplate. Adjust-to-wall and O-ring style faceplate kits available

One anchor per leg for fast and easy installation (anchor is installed through notch in bottom of foot)

BATTERY PREFABRI

Batteries shown are for prefabrication and example only and are not methods for permanently anchoring the battery.

CATION OPTIONS
