

In-Cell Security Furniture ASF2400 Series Wall Mounted Bunk Bed

ASF2400-7536

Fixture May Show Some Available Options

Please visit www.acorneng.com for most current specifications.

Wall Mounted Bunk Bed

Bunk Bed is designed to be installed on the front side of a finished wall. The Bunk Pan is fabricated from 10 gauge Jet Cote (galvanized steel) and Mounting Angles are fabricated of 7 gauge hot rolled steel and is optionally available fabricated from type 304 stainless steel with #4 satin finish. Construction is seamless welded with a prime coat finish and is optionally available with a powder coat finish (Enviro-Glaze®). Bunk includes punching for optional Floor Support Legs and upper Bunk Ladder. Bunk is wall mounted and optionally available with Support Legs to Floor. Bunk conforms with ATSM F3277-19 Load Test Requirement for cantilevered steel bunks.

Mounting hardware (and Wall Anchors where required) for attaching Bunk to wall and for assembling optional Bunk Ladder and Support Legs are not included and are to be furnished by others.

Optional -AMA Anti-Microbial Additive is offered with -EG Enviro-glaze® powder coating to help suppress the growth of odor and stain-causing microorganisms.

Optional -BSL Bunk Support Leg Set provides support in addition to mounting to wall. Set consists of (2) 2" Vertical Angle Supports which attach to (lower) Bunk and Floor. Supports are fabricated of 7 gauge hot rolled steel with prime coat finish. Fastener hardware and floor anchors are not included and are provided by others. When -EG Enviro-glaze® option is specified, Support Leg Set is provided with powder coating finish to match Bunk.

GUIDE SPECIFICATION

Provide and install Acorn Secured Furnishings Bunk Bed (specify model number and options). Bunk Pan shall be fabricated from 10 gauge Jet Cote (galvanized steel) and Mounting Angles fabricated of 7 gauge hot rolled steel.
