 for most current specifications.

WH4160-WH3375-SO

Fixture May Show Some Available Options

Ligature Resistant Solid Surface Corner Sink is intended for use by medical staff, and patients. Sink includes integral backsplashes. Fixture also includes an angled internal slope to defuse spout outlet water to minimize splash. Fixture includes an offset drain to prevent water from discharging directly into drain.

Fixture is made of Corterra® a non-porous solid surface polymer resin and includes an additive, SteriTouch®, that provides antimicrobial protection. Standard color furnished is Blanco Matte (OCC11M). Fixture is easy to mount and installs onto a finished wall from the front.

Trap Cover is made of fabricated of type 304 stainless steel with powder-coated white and allows easy access to p-trap and other plumbing components.

Waste Connection is 1-1/4" NPS Ligature Resistant grid strainer with close elbow with 1-1/2" O.D. P-trap provided.

Optional Ligature Resistant Faucet (WH3375-SO shown) is available. **See Individual BestCare Specification Sheets for 4" Centerset Faucet.**

Optional Mixing Valve WHST70-12 delivers tempered water flow by compensating for pressure and temperature fluctuations and is ASSE 1070 compliant. Valve is factory set to 105° F (41° C) and includes strainers and integral checks. Operating range is 30 to 100PSI.

GUIDE SPECIFICATION

Provide Whitehall® Ligature Resistant Sink (specify model number and options). Fixture shall be fabricated of Corterra® non-porous solid surface polymer resin with SteriTouch® anti-microbial protection. Sink shall have an integral sloping basin and a Ligature Resistant grid strainer with 1-1/4" O.D. tailpiece and 1-1/2" O.D. P-trap.
