## HWS Wash Fountain (Semi-Circular)

### Product Specification...

**Bowl and Sprayhead** are type 304 Satin Finish stainless steel. Bowl is 38" wide, and has an integral backsplash and sprayhead. Heavy-duty S-clips securely anchor the backsplash to the wall. Sprayhead is 15" diameter x 5-1/4" high.

**Contoured Housing** is fabricated of 16 gage, type 304 Satin Finish stainless steel. One piece housing and flush mounted access cover allow for easier installation and servicing of unit.

 **ADA Compliance.** Units conform to ANSI, UFAS and ADA requirements for accessibility. Compliance is subject to the interpretation and requirements of the local code authority.

**Soap/Toiletary Tray** on top of sprayhead is standard. There are additional self-draining, air-circulating soap dishes on each side of the bowl.

**Sectional Control** is standard. One sensor actuates one station. Three -Station and Four-Station units are available.

**Electronic Sensor Operation** includes individual solenoid valves activated by infrared sensors. A low voltage transformer is provided.

**Spray Nozzles** are vandal-resistant and provide a concentrated 0.5 GPM spray at each station.

**Hot & Cold Supplies** are blended in a thermostatic mixing valve furnished with checkstops, strainers and flexible supply connections. A minimum of 30 PSI supply pressure is required.

**Waste Connection** is a 1-1/2" OD x 4" tailpiece.

**-DV** Pump Type Soap Dispenser is available for liquid or lotion type soaps. Dispensers are below the sprayhead with a easily refillable concealed reservoir.

**-HTR** Electric Instantaneous Water Heater is available. The heater is place in the trap cover. (Additional specification are required)

### NOTES:

1. Sensor Eye.

2. Spray Nozzle.
