HWS SERIES

A wall-mount commercial sink system designed for sanitation in high-touch environments.

Thoughtfully designed with numerous features to increase safety.

- Stainless steel is non-porous and easy to sanitize
- High backsplash protects the wall and reduces bacteria spread
- Offset drain minimizes splash from faucet and backsplash from drain
- Angled basin reduces splash and directs water to drain

Ideal for commercial and industrial facilities requiring high standards of cleanliness, such as:

- Pharmaceutical facilities
- Restaurants
- Food prep and manufacturing facilities

Technical Certifications/Compliances: US Design Patent D433, 743; ADA; cUPC; lead-free
