# ACORN-SINKS®

Acorn-Sinks is a new line of stainless steel drop-in style and undermount sinks brought to you by Acorn Engineering Company. Acorn is well-known for its handwashing products, including stainless steel and solid surface handwashing stations. Now we are expanding the Acorn® product offering with these versatile sinks that are perfect for handwashing and more in a range of applications, such as classrooms, healthcare, assisted living locations, bars, and food service.

Like all Acorn products, our Acorn-Sinks® products are manufactured for durability and a long service life. They offer an appealing aesthetic that can fit with any style or type of countertop. They have been meticulously engineered with appealing features and benefits, including:

- Superior #4 polished satin finish
- ADA options available
- Sound deadening pads included for reduced noise
- Vertical side walls feature small internal radius for increased resistance to glass tipping and breakage
- Elevated packaging that prevents shipping damage
- UPC, cUPC, and IPC approved

# ACORN-SINKS® WALL-MOUNTED STAINLESS STEEL TROUGH SINKS

Acorn-Sinks® stainless steel trough sinks are designed to comfortably serve multiple users with increased utility. Fabricated from 14-gauge, type 304 stainless steel, all exposed surfaces are polished to a #4 satin finish. These wall-mounted trough sinks feature basins with sloped bottoms to facilitate drainage and punchings for a 3-1/2" diameter drain opening (drain and waste fitting to be provided by others). Backsplashes are pre-drilled with 1-1/2" diameter punching(s), as specified, for faucet and spout (provided by others). Each unit includes integral angle bracket supports and S-clip brackets for mounting. All wall fasteners and anchoring hardware are to be provided by the installer to suit wall construction.

**ACORN-SINKS® 48" TWO-STATION WALL-MOUNTED STAINLESS STEEL TROUGH SINK**
