WHRC2142-W-2	0211L,R-2	0230-2	0688	0672

▲ **NOTE:** These are furnished as waste fittings with fitting supports and do not support the fixture (these fixtures are mounted to the wall or floor mounted and do not require a support).

NOTE: A suffix -2 after the figure number indicates a Type #2 Outlet connection coupling with flange bolts and Gasket.

NOTE: Whitehall numbers specified with various options or suffixes can affect the applicable Smith figure number shown in comparison guide. When suffix options are added, verify fixture support with Smith SE department.
