**METRO URBAN** ADA Compliant Toilet

**Product Specifications...** The ADA Compliant Metro Urban Toilet features patented\* design which includes a metal cistern tank and bowl. The toilet shall be made of 16-gage type 304 Satin Finish stainless steel. Mira (High Polish) Stainless Steel is also available. The toilet bowl is elongated and is punched and threaded (1/4"-20 UNC) for Residential or punched for Commercial, for top mounting elongated toilet seat (seat not included). The bowl also has an ADA compliant, 17" (432 mm) rim height. Trapway can pass a 2-1/8" (54 mm) ball. Toilet tank has a polyethylene inner liner and flushes with a conventional Fluidmaster® float/flapper mechanism utilizing water consumption between 1.28 Gallons (4.8 Liters) to 1.6 gallons (6 liter) per flush.

*Although this toilet is ADA compliant, please check your local regulations as other ADA considerations may be required.*

**Residential Toilet****Toilet seat application**

Punched and threaded for top mounted toilet seat. 1/4" -20 UNC x 1" screws provided. Seat sold separately.

**PLUMBING Specification . . .** Toilet uses standard residential water inlet and waste outlet. Fill valve inlet is 1/2" NPS. Wall inlet location is recommended at 6" (152 mm) from the center and 12" (305 mm) from finished floor. On-floor waste outlet to be located 12" (305 mm) from finished wall. Access via removable side panels.

**Commercial Toilet****Commercial Toilet seat application**

Punched for through bolt commercial, open front toilet seat. Seat sold separately.
