Deluxe Wall Mounted Hand Wash and Bottle Filler Trough

Stainless-Steel Deluxe Wall Mounted Hand-Wash Trough is designed to assist with public safety in areas where hand washing facilities and access to drinking water is required. Trough is wall mounted and available in several widths to accommodate one to four persons. Deck is pre-drilled at each station with (3) hole punching for a 4" Centerset for either a Faucet or Bottle Filler (shipped loose for user placement of components). A pre-drilled Backsplash return is provided for mounting unit to a reinforced wall. Basin is formed to facilitate drainage and is punched to accept a 1-1/2" Drain Assembly. Unit is fabricated from 16 gauge, type 304 stainless steel with exposed surfaces polished to a #4 satin finish.
