Please check your local ADA regulations*

See separate specification sheet for  
Geberit Concealed Tank and  
Carrier System with Accessories

**PRODUCT Specification** . . . This cistern flush style toilet is designed to work with a Geberit® concealed tank and carrier system (tank and carrier sold separately). The toilet features an patented\* exposed decorative, geometric P-trap with a floor waste rough-in 12" (305 mm) from wall. Toilet is fabricated from 16-gage, Type 304 stainless steel. Bowl is elongated and shall be punched for a toilet seat (seat sold separately.) The toilet rim height is 17" (430mm) to exclusively comply with ADA regulation. Geberit® carrier is adjustable to accommodate ADA toilet height requirements. Other ADA considerations may be required. Please check your local ADA regulations.

**PLUMBING Specification** . . . The toilet must use a Geberit® concealed tank and carrier system. Geberit® carrier requires 19-3/4" (502 mm) clearance between 2" x 6" (51 mm x 152 mm) wall studs. Tank releases an average 1.6 gallons (6 liters) per flush. Waste is through the floor 12" (305 mm) from the wall.

## Concealed Tank and Carrier System with Accessories

**Euro-Urban Contour Toilet**

**Metāal Toilet**

### Geberit® CONCEALED TANK AND CARRIER SYSTEM WITH ACCESSORIES FOR USE WITH EURO-URBAN CONTOUR TOILET OR METĀĀL TOILET

Elimination of the visible tank creates attractive decorator options for today's efficient bathroom designs. Geberit® tank releases 1.6 gallons (6 liters) per flush. Carrier requires 19-3/4" (502 mm) clearance between 2" x 6" (51 mm x 152 mm) wall studs. Includes elbow waste connector (used only for the Euro-Urban Contour Toilet.) Choice of Large Satin Finish Panel, Large Mira Finish Panel, or Small Mira Finish Pneumatic Push Button. (Access door or panel solution recommended for Small Push Button option.)
