

Wedge™ 30" Solid Surface Basin

Patented D841785

Model Shown: 9161-WD04 (Single Station) Basin
30" Wide Solid Surface Wedge Basin

- WALL MOUNTED 30" LENGTH SOLID SURFACE BASIN
- CAN BE USED WITH DYSON AIRBLADE WASH+DRY FAUCETS
- ADA COMPLIANT
(WHEN PROPERLY INSTALLED) 
- MATERIAL OF CONSTRUCTIONS PHYSICAL PROPERTIES
IN COMPLIANCE WITH:
CSA B45.5/IAPMO Z124
ANSI/ICPA SS-1
(REFER TO TECHNICAL DATA SHEET FOR COMPLETE DETAILS)
- GREENGUARD GOLD CERTIFIED FOR LOW EMISSIONS

Wedge™ 30" Solid Surface Basin

Integral Basin is intended to be mounted to accommodate ADA. Basin is constructed of Corterra® solid surface polymer resin and combines the look of granite and the feel of commercial-grade designer Basins. Adequate wall backing is required to support this wall mount, off-floor Basin fixture. When mounted 33" at finished floor, fixture will comply with OBC requirements. When mounted 34" at finished floor, fixture will comply with ANSI, UFAS and ADA requirements. Alternatively, the fixture may be mounted at the height to comply with ADA requirements for children. Compliance is subject to the interpretation and requirements of the local code authority.

P-Trap Enclosure is included to conceal hot & cold Mixing Valve, supply and waste connections. Enclosure is fabricated of 18 gage, type 304 stainless steel with a satin finish and engineered to provide a profile that complies with both ADA & OBC.

 **Wedge Basin** is constructed of Corterra® solid surface polymer resin. Fixture includes Grid Strainer.

Mounting Bracket is included and fabricated of 11 gage stainless steel with rear Anchoring Slots. Adequate wall backing is required.

Optional Valve is available; ASSE 1070 compliant Valve delivers constant water flow by compensating for temperature and pressure fluctuations. Valve is factory set to 105° Fahrenheit and includes integral Checks and Strainer to prevent cross-flow and contamination. Maximum operating pressure 125 PSI.

Dyson Airblade Wash+Dry Faucet is optionally available. Also available (-H1) a 1-3/8" (34.9mm) hole can be drilled in a pre-configured single-hole, 8" centerset holes and (-H0) a no hole option for wall mounted Faucets by others. Neo-Metro requires customers to submit specification sheet of Faucet to confirm compatibility. Custom Faucet configurations may be specified by submitting a completed and signed Faucet Drilling Worksheet. Neo-Metro stainless steel commercial Faucets are available and sold separately.

- ① OPTIONAL WD04 DYSON AIRBLADE™ WASH+DRY DECK MOUNTED FAUCET SHOWN
- ② P-TRAP & PIPING HINGED ENCLOSURE
- ③ CORTERRA SOLID SURFACE WEDGE BASIN
- ④ MOUNTING HARDWARE, BY OTHERS
- ⑤ REMOVABLE GRATE COVER
