Hand Wash Anywhere!

and we mean *anywhere* with
Murdock® Hand Washing Solutions

Murdock® Wash-N-Go!® hand washing stations combine solid steel construction with modern aesthetics. Featuring sanitary, touchless operation, there's a Wash-N-Go! hand washing unit for every application.

All-In-One Wash-N-Go!® Outdoor Sink Station

Model No. GWQ84 Series

The All-In-One: Everything you need in one convenient station.

Every All-In-One Wash-N-Go! station includes a touchless hand washing sink, bottle filler, and drinking fountain.

The optional pet fountain (shown here) is an ideal option for pet-friendly parks, trails, and other outdoor spaces.

Features

- All-in-one water bottle filler, drinking fountain, and hand sink, with optional pet fountain (shown)
- Battery-powered, stainless steel sensor faucet minimizes touchpoints
- Multi-stream laminar flow reduces splashing and limits the spread of germs
- Durable, vandal-resistant stainless steel construction
- Access door for easy maintenance
- Barrier-free, ADA-compliant
- Available in four standard color options (Stainless, Green, Red, Blue)

Pedestal Wash-N-Go!® Outdoor Sink Station

Model No. GWJ84 Series

The clean, contemporary aesthetics of the Pedestal Wash-N-Go! hand washing station are ideal for virtually any location.

Providing a touchless hand washing experience with a sensor faucet, this ADA-compliant hand washing station minimizes the spread of germs.

Features

- Classic design
- Hygienic touchless faucet
- Multi-stream laminar flow reduces splashing
- Durable, vandal-resistant stainless steel construction
- Access door for easy maintenance
- 100-mesh inlet strainer
- ADA-compliant
- Available in four standard color options (Green, Red, Blue, Stainless)

Wash-N-Go!® Wall-Mounted Outdoor Sink Station

Model No. GWC74 Series

The GWC84 Series outdoor sink station features high-quality, all-stainless steel construction. The deep, round bowl provides ample room for hand washing, and the sensor-activated faucet minimizes touchpoints and helps limit the spread of germs.

This wall-mounted sink comes in satin finish stainless steel, as well as green, red, and blue powder coat.

Features

- Type 304 16-gauge stainless steel bowl on a 12-gauge stainless steel pedestal and arm
- Stainless steel touchless faucet
- Multi-stream laminar flow to reduce splashing
- Bottom access plate for easy maintenance
- 100-mesh inlet strainer
- Optional soap dispenser
- ADA-compliant

Bottle Fillers

The *eco-friendly* way of providing drinking water

Model No. M-OBF4

Model No. A1711080-BF2S

Retrofit Heavy Duty Bottle Filler, Refrigerated

Model No. A1711080-BF2S Series

This retrofit water bottle filler is constructed from heavy-duty steel for increased vandal resistance and features a built-in 8 gallon (30.3 liter) per hour refrigeration unit. Perfect for locations that need a little extra security!

Sensor Activated Stainless Steel Outdoor Pedestal Bottle Filler

Drinking Fountains

Fresh water, *wherever* you are.

Model No. GRM45 Series

Model No. M-OW1 Series

Model No. M-1776

Barrier-Free, Bi-Level Round Stainless Steel Pedestal Drinking Fountain

Model No. GRM45 Series

This barrier-free, bi-level, vandal-resistant, round stainless steel pedestal drinking fountain features a round bowl and push button-activation. It is ADA-compliant when properly installed.

Available finishes are satin stainless steel and green, red, or blue powder coat. Custom color finishes are available upon request.

Oakwood Molded Poly Drinking Fountain

Model No. M-OW1 Series

Our Oakwood model fountain is specially designed to blend with natural landscapes. It is constructed of molded poly and features a scratch-resistant, powder coated brass bowl and mouthguard.

All parts are color coordinated in a rich brown finish. Lightweight and easy to install.

Foot Pedal-Operated Classic Style Cast Iron Drinking Fountain

Model No. M-1776

Our original M-1776 Classic Style fountain is still pedal-operated and as reliable as it was over a century ago. Constructed of heavy-duty gray iron and brass, these fountains are the perfect addition to any

themed or historic setting. Model M-1776 is designed for year-round use, trouble-free reliability, and easy maintenance.

Outdoor Showers & Misters

Stay cool and clean

Model No. M-PCS14-GB-FS

Model No. M-PBF17

Model No. M-PCS14-FS

Model No. M-PCS14-FS

Murdock® outdoor showers allow park visitors to quickly rinse off, whether at the seashore, the lake, or anywhere else. Misters are ideal for helping visitors keep cool in hot, dry climates.

Outdoor showers and misters are constructed from durable, vandal- and corrosion-resistant steel suitable for any climate. They even come in custom colors to integrate with existing scenery!

Column Shower

Model No. M-PCS14

Column Shower with Dual Height Shower Heads, Dual Grab Bars and Foot Wash Shown in All-Stainless Steel

Model No. M-PCS14-GB-FS

An outdoor ADA-compliant pedestal shower with a contemporary style. The vandal- and corrosion-resistant stainless steel is perfect for the pool or beach, and the timing can be adjusted to reduce water waste.

- Increased accessibility with two shower heads and one foot shower
- Grab bar accessibility
- Multiple color options

Column Shower with Foot Shower Shown in All-Stainless Steel

Model No. M-PCS14-FS

- One shower head and one foot shower
- Push button activation

Column Shower with Foot Shower Shown in Red Powder Coat

Model No. M-PCS14-FS

- One shower head and one foot shower
- Push button activation
- Multiple color options

Pedestal Shower with Drinking Bubbler and Spigot Foot Wash

Model No. M-PBF17

This outdoor shower features a slim profile, galvanized steel construction, and optional drinking bubbler and foot shower. It's ideal for the pool, beach, or anywhere else!

- One shower head and one foot shower
- Includes simple bubbler
- Pull-chain activation
- Multiple color options

Super-Secur

Durable, *vandal-resistant* restroom fixtures

Model No. 1039

Model No. 1001F/1002F

Model No. 1011 Series

Murdock® Super-Secur bathroom fixtures are designed for durability and vandal resistance. Constructed from heavy-duty stainless steel, they're ideal for outdoor restrooms in remote locations or heavy-traffic visitor centers.

Waterless Urinal

Model No. 1039

This stainless steel waterless urinal combines attractive, modern aesthetics with vandal resistance and durability.

Features and Benefits

- Contoured interior for easy cleaning
- Enviro-Glaze® powder coat finish available upon request
- ADA-compliant

Wall-Hung Toilet

Model No. 1001F/1002F

This vandal-resistant stainless steel toilet features an attractive plastic seat and is designed for installation on a finished wall.

Features and Benefits

- Stainless steel bowl with plastic seat
- Satin finish exterior with Enviro-Glaze® powder coat option
- Front mount
- ADA compliant

Lavatory with Air-Control® Valve

Model No. 1011 Series

This vandal-resistant sink is made of heavy-duty stainless steel. It features a rectangular bowl, integral self-draining soap dish, and metering push button valve.

Features and Benefits

- Metering push button valve
- Available cold water only or hot/cold
- Enviro-Glaze® powder coat finish available upon request
- ADA compliant
